Dear Olive -

Rec'd your letter today. Lewis, Grandpa, Vera and Nola have gone to a musical program to be given by The Cecilian Club. Lewis and Joe have gone to bed. Rosa is cutting out pictures. Guess you have had enough rain. We sure have for a while at least, hailed some yesterday. Lewis said it hailed a lot out on the route. There was still hail stacked up out there in places today. There were five bridges washed out and he had to do a lot of traveling then didn't get to deliver quite all of the mail. The chicks will be ready to take

off May 8th (Friday). About the eggs, we can set six trays by waiting a few more days after we take the others off, but if you want them set as soon as the others are off, can only set five. We'll set them for \$5.00. The trays hold 84 eggs each. Vera got her a new dress for the banquet today. Marzelle wanted her to get it. Mrs. Goodman paid for Marzelle's things instead of getting her a banquet dress. Vera said tell you to bring one of the girl's dresses for Maizelle to wear. I want to write to Nola, so will close

As ever
