Mr. Arthur Gorham

Dear Arthur, I am sure you will be surprised to hear from me since so many years have past by. Tho I always have had a longing to live in Mexico since I was there. I often think of our deer and turkey hunts and the good times had together. I saw your mother about a month ago. We had a long talk about old times and Mex. She told me about your family and you still lived there. I am married and have four children — two boys and two girls. Three are going to school the oldest boy will be in high school next year. Arthur we are wanting to come to Mexico to do church work as my wife feels the calling to do mission work in that country but I have 320 acres of land that I will have to sell and see about other business before I can leave here. I will close as my wife wants to write you in regard to the church work there

2

and if we come would like to leave here before cold weather. Your friend as ever, Jack (J. W.) Brothers
